

Groceries, Income, & Access

Marvin Acosta
Putri Kamaluddin
Josie Li
Jackson Baker Ryan

Process

MapHacks 2018
Group: WowSuperCool

Practical Approach

- What data can we get?
- What do we know how to do?
- What programs can we use?*

*First Lesson = Stick to what you know

Process

MapHacks 2018
Group: WowSuperCool

- Income-oriented
- Ease of Physical Access to Food/
Transportation to Food
- Ability to physically accessible foods
- How do they relate?

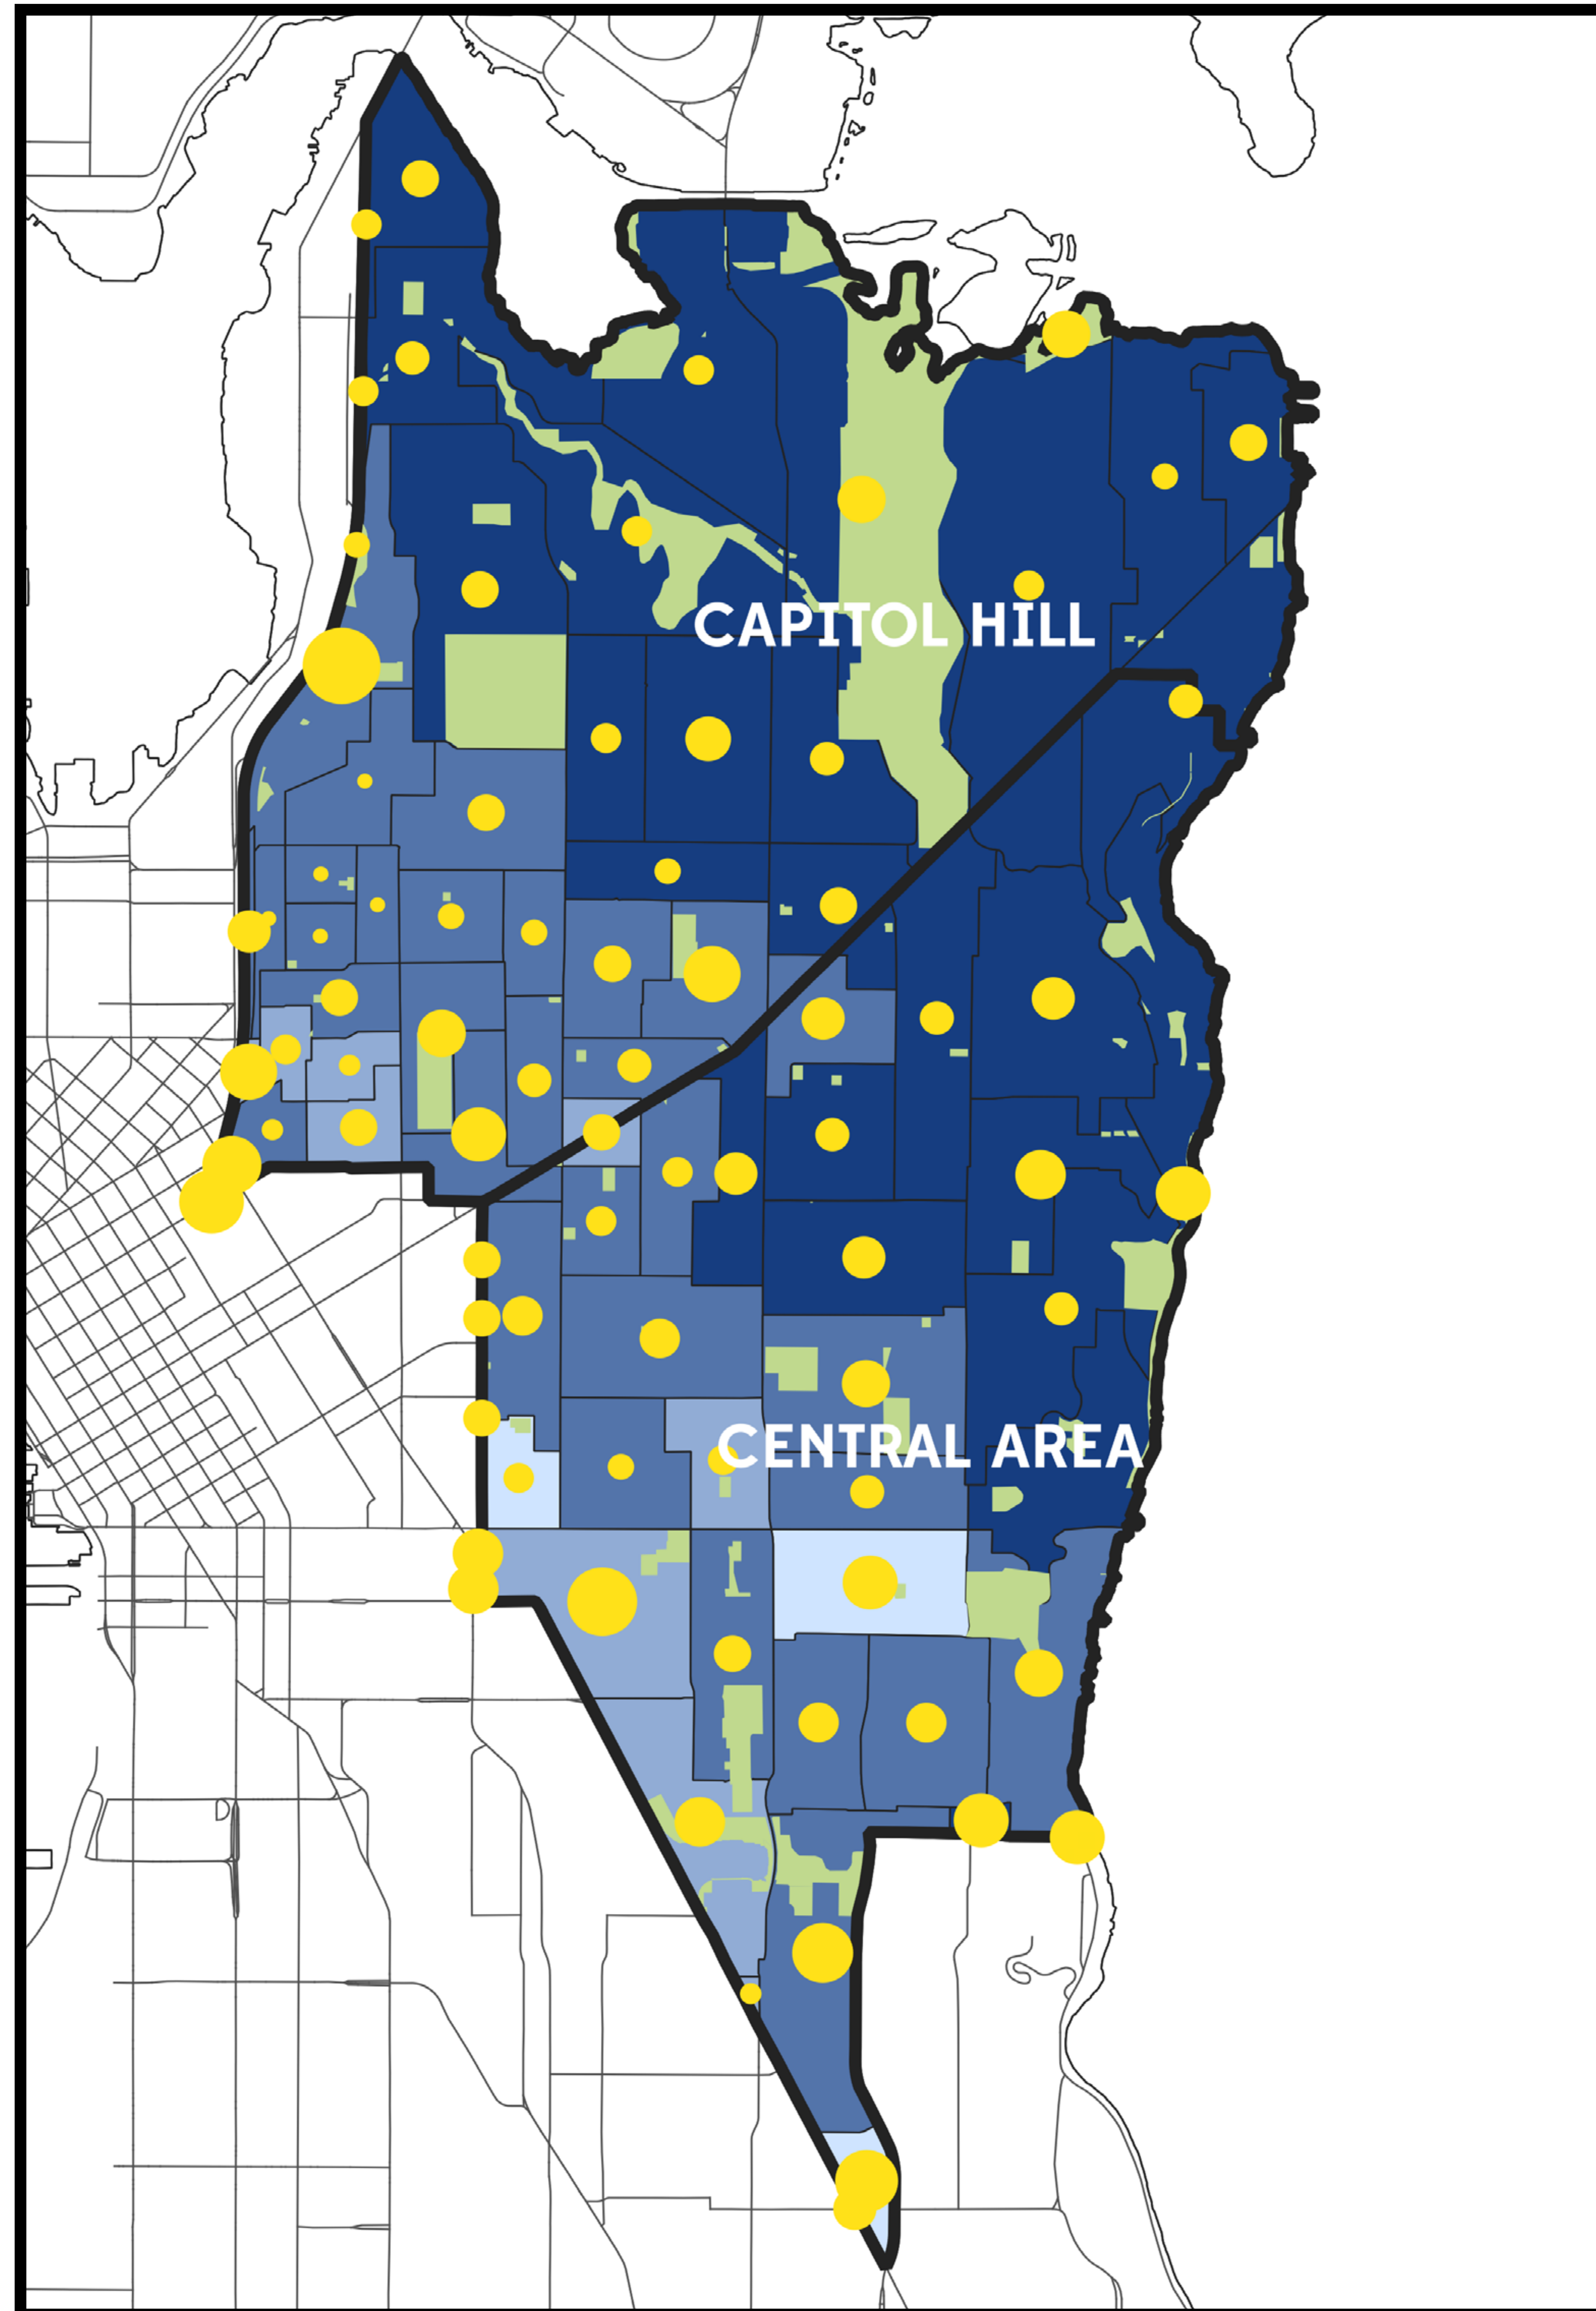

Process *(to sanity)*

MapHacks 2018
Group: WowSuperCool

- Blame the program, not the user

experience the wow-
supercool experience

Lessons

MapHacks 2018
Group: WowSuperCool

- More efficient brainstorming
- Better task delegation
 - What does a collaborative workflow look like?
- Imagine the product before starting?

thanks for all of your
help citigen and
maphacks!
